The **NATIONAL HARDWARE SHOW** ® is a **TARGETED SHOW**. Please go to the [SHIPPING/MOVE-IN & MOVE-OUT SECTION](#) of the online manual to download the **COLOR-CODED TARGET FLOORPLAN** which will give you your specific targeted date & time for move-in. Targeted move-in is for delivery of freight; you do not have to begin construction of your booth on your target date/time, but your freight shipment(s) should be at the convention center on that date and time. Obviously, your installation cannot begin until your freight is delivered and any utilities you need have been installed, so be certain to order these in advance of move-in. Keep in mind, your target date & time applies to when your shipment(s) must be received by - it does not mean you must begin to set-up your booth at that time. If you have questions regarding your move-in, please contact **FREEMAN** for more information regarding move-in times and dates at **702.579.1700**.

It is highly recommended that you ship your freight in advance to the warehouse, as warehouse freight is delivered to the Show Floor first, and is automatically "on target". Show-site shipments are unloaded on a first-come-first-serve-basis. Please do not schedule any labor until the end of your target window. For example, if your target window is 10:00 AM - 1:00 PM, it is best to request your labor to report to your booth no earlier than 1:00 PM.

If you require utilities (electric, telephone, internet, etc.), your carpet cannot be installed until the utilities have been installed. Exhibitors are reminded that during move-in, display materials/products will be allowed to enter the **Las Vegas Convention Center** via loading docks and designated entrances ONLY.

Any booth not occupied by **3:00 PM, Monday, May 4, 2020** will be presumed abandoned. If there is freight in the booth and Show Management believes the Exhibitor will be arriving late, then **FREEMAN** will set up the display to the best of their ability with the information available. If there is no freight in the booth and/or Show Management believes the Exhibitor will not participate in the show, the booth will be reassigned. Exhibitors arriving after this time will be given space available and may incur additional costs.

FEDERAL AND STATE GUIDELINES

ADA - AMERICANS WITH DISABILITIES ACT

The Americans with Disabilities Act is a civil rights act providing equal opportunity in the areas of employment, state and local government services, public accommodations, transportation and telecommunications. The Lessee, its sub lessees and contractors, must comply with the ADA as indicated in the lease agreement. All permanent aspects of the facility are the responsibility of the LVCVA. Access to any given show and the services they are providing are the responsibility of the Lessee. "Access Las Vegas" brochures and "ADA Accessibility Maps" are available. Contact your Convention Services Manager for copies.

SERVICE ANIMALS

Under ADA's regulations, the definition of "service animal" is limited to a dog that is individually trained to do work or perform tasks for an individual with a disability. The task(s) performed by the dog must be directly related to the person's disability. Under the ADA, "comfort, therapy, or Memotional support" animals do not meet the definition of a service animal.

NEVADA DEPARTMENT OF TAXATION

The Nevada Administrative Code (NAC) 372.180 states that the promoter or organizer of an event allowing any retail sales on the show floor has the responsibility to collect and remit the taxes for their respective event. If Show Management or exhibitors are tax-exempt, the State of Nevada requires a copy of the following on file with the LVCVA. Nevada tax-exempt sales tax permit providing the evidence of non-taxability. U.S. Government tax-exempt sales tax permit. Please contact the Nevada Department of Taxation at (702) 486-2300 for further details.

NON-SMOKING POLICY

have become apparent during move-in and move-out. It benefits everyone if we can keep the aisles clean in terms of streamlining move-in activities and maintaining a safe environment.

It is imperative we work together so the Show opens "Clean". Special plastic bags are available **free of charge** at the Floor Manager counters and at the **FREEMAN** Service Desks. Rather than throwing trash in the aisle, we ask exhibitors and their contractors to utilize these trash bags and dispose of them in the "Whales". Some items that we really need your help on are visqueen, packing materials and general trash. Please note that ALL boxes MUST be broken down. Whales will be placed at various points along the main cross aisles. If you have any question at all, you can ask your Floor Manager.

The **Whale Program** will improve the working space on the Show Floor during move-in. It may also help to save you money on your own booth's cleaning cost by keeping ahead of things. Finally, we believe that this is absolutely necessary in order to maintain a safe work environment for everybody. An aisle full of trash is like a blocked fire exit. Please advise your booth personnel and designated set-up people of this program. Any Exhibitor or Contractor who throw any type of trash (including poly) into the aisle on Tuesday morning prior to Show opening, will not only be charged for the trash removal but will risk their participation at future Shows.

GREEN INITIATIVES

The **NATIONAL HARDWARE SHOW®** is committed to reduce, reuse, and recycle approach to planning and producing our shows. Recycling waste, trash and other paper products and using recycled products are just a few of the steps we have taken toward "green" tradeshow experience.

For example sending out this Service Manual in a web based format conserves over 150,000 pieces of paper previously used for the 3-ring binder format!

Here are a few examples of what you can do to help the environment:

- Reduce, Reuse, Recycle
- Sign your office up for a recycling program: paper, plastic, cans, etc.
- Develop an online ordering system for your buyers
- Reduce marketing on paper by opting for more electronic communication, email attendees after the show
- Design your booth display to last for 5 years or longer using natural fibers
- Practice Green Purchasing where ever possible by specifying Environmentally Preferable Products (EPP). These products or services contain recycled content, minimize waste, conserve energy or water, and reduce the amount of toxics disposed or consumed
- Reduce packing material by utilizing recyclable materials and take advantage of convention center recycling options for packaging
- Donate extra amenities or promotional products to local charities rather than shipping them back or tossing them in the trash.

Reed Exhibitions has implemented the following programs and purchasing habits in an effort to reduce the amount of waste generated and encourage our clients and vendors to **Reduce, Reuse and Recycle** whenever possible.

- We have successfully implemented Express Badge on many shows, allowing attendees to print their badge on demand at Show site. This process **reduces** the printing and mailing of unnecessary badges
- Our offices are set up to **recycle** paper, plastic, cans
- We design a Show look for a minimum of 3 year lifecycle and **recycle** graphics for the same period
- We have **reduced** paper communications both internally and externally by opting for electronic communication
- Producing an on-line exhibitor manual **reduces** our paper consumption by over 150,000 sheets on this Show alone
- Where ever possible we partner with local charities to provide donation opportunities for our exhibitors as a way to "**reuse**" leftover products and merchandise, thus saving on packing materials and carbon emissions by not shipping home. A great way to "Reuse" material for a good cause

The Las Vegas Convention & Visitors Authority (LVCVA) is committed to building on our current successes and maintaining a proactive approach towards future sustainable activities such as recycling, green purchasing, education, and conservation programs. SALE, DELIVERY OF GOODS AND PRODUCT REMOVAL FROM FACILITY

Retail sales of merchandise during the event are strictly prohibited. "Retail sale" means any sale, other than bona fide commercial sale, for resale at a later time and place. The sale of sample goods is strictly prohibited except to bona fide commercial buyers for resale at a later time and place. Any such sample goods are to be delivered ONLY after the conclusion of the event and must be accompanied by the Exhibitor's bill of sale for verification by security personnel. Violation of this provision subjects Exhibitor to cancellation of its exhibit space without refund. Removal, sale and / or delivery of merchandise prior to the conclusion of the event are strictly prohibited. Should Exhibitor wish to exchange soiled, worn or damaged floor samples for fresh merchandise, product release forms must be obtained from the designated property check points, completed by Exhibitor and submitted to security personnel at the exit with the merchandise to be exchanged.

SECURITY

Show Management will provide uniformed guards along the perimeter of the exhibit floor on a 24 hour basis during the entire period of the Show (including installation and dismantle). Every reasonable effort will be made to prevent losses, **however the final responsibility lies with the exhibitor.**

Among the Show's basic security arrangements are the following:

- Uniformed guards will be stationed at entrances and exits 24 hours a day and will patrol the exhibit floor during non-Show hours
- Private guards may be hired from the official guard service
- Security cages for rent. Large and small safety containers may be rented from the official contractor. Exhibitors may prefer to bring a secure container of their own, such as a lockable trunk, footlocker or strongbox that can be stored out of sight in the booth
- **Merchandise passes.** These are special forms issued by Show Management. When properly filled out and signed by the exhibitor, they tell security guards that removal of an item from the exhibit floor is authorized. (Subject to Change)

WHAT EXHIBITORS CAN DO TO ENHANCE SECURITY?

- **Immediately report to security or Show Management, the presence of any unauthorized visitors, or suspicious activity on the Show Floor**
- Exhibitor personnel must wear official Show Exhibitor badges at all times during move-in, Show days and move-out. Please do not give Exhibitor Badges to anyone other than your full time employees and remove all badges from the building when you leave on your last day there. Badges left behind are often abused by unauthorized personnel so do not leave them in your booth or discard on the floor
- At the close of business each day, cover all display tables. This establishes a barrier to curiosity seekers and other would-be thieves from selecting such items to steal at a later time
- Place your wastebasket along the aisle at the end of each day to facilitate trash removal
- Unpack product as close to the Show opening as possible. At the close of the Show, we suggest that you stay at your booth until these valuables are repacked

- Treat especially valuable goods such as prototypes as irreplaceable. If they truly are one-of-a-kind, hire your own security guard. **Under no circumstances** should such goods ever be left unattended. Plasma Screens & Flat Screens, DVD's, televisions, laptops, and other electronic devices are particularly vulnerable to theft. Remove tapes or discs at night and store them in a safe place. Keep close tabs on personal items (cell phones, purses, laptops, briefcases, etc.)
- Do not put articles of any value in a container marked "**EMPTY STORAGE**", or behind booth
- Shipping cartons should not identify contents. Use coded labels
- Give special considerations to prototypes, irreplaceable and highly valuable articles, or other sensitive items
- Be sure to send copies of Shipping Information, including all tracking numbers with your set-up people so that they know how many pieces should arrive
- Booth staffing plans should take the following into consideration:
 - Who will be at the booth during set-up and dismantling?
 - Will an inventory list be available to check complete delivery during set-up and complete shipment after dismantling?
 - Will you need a security cage?
 - Will you need a private guard?
 - Should you safeguard material in the free storage room during non-Show hours?
 - Does everyone concerned know that nothing of value should be left in containers labeled "**EMPTY**"?
 - Will someone be on duty at least a half-hour before the Show opens? And until Show is closed for the day? Will you schedule rotation to cover lunch breaks, etc.?
 - All of your booth personnel should be advised to wear official Show Badges at all times as a security measure, and to use the official Merchandise Passes when removing items from the exhibit floor
 - DO NOT leave laptop, purses, cell phones, cameras, etc. unattended

ONE FINAL WORD ABOUT SECURITY:

The best security available is still inadequate and losses will occur, if exhibitors leave merchandise, especially valuable merchandise; unsecured in their booth overnight. Please place such valuables in the security room, overnight storage (subject to change), or otherwise secure all such merchandise at all times during the non-Show hours.

Items particularly vulnerable to pilferage include DVD Players, monitors, personal computers and all small items of personal value. We strongly urge that these items be placed in the Security Room located on the exhibit floor.

Show Management can assume no responsibility or liability for loss, damage or theft. That responsibility is yours, and we therefore recommend that you provide your own insurance coverage against all contingencies.

NATIONAL HARDWARE SHOW® closes on Thursday, May 7, 2020 at 1:00 PM. Other than aisle carpet personnel, labor will not be admitted to the Show Floor until 2:00 PM. **Secure all valuables immediately!**

- Pack and label product and remove them, or hire Security until you can secure them properly. It is essential that exhibitor personnel remain in their exhibit areas until their display materials are secured. All small articles which can be easily picked up should be securely packed before you leave your booth after the Show closes at **1:00 PM**. Remember, during teardown, stay with your exhibit until your empty cartons are delivered and your goods are packed, sealed and properly labeled
- Do not leave material in your booth unlabeled at any time during move-out because many things could happen: it may be presumed abandoned; mistaken for trash; or one of your neighboring booths might label it in error!
- At the close of the Show please be sure to secure all electronic equipment especially plasma screens, flat screens, laptops, and any electronic equipment

DON'T LEAVE YOUR BOOTH UNATTENDED UNTIL YOUR MERCHANDISE IS SECURE!

Our objective is to make your Show experience as worthwhile and profitable as it can be. Adhering to these simple security recommendations will go a long way to ensure your success!
