### FOOD AND BEVERAGE PRICING

A good faith estimate of food and beverage prices will be provided 6 months in advance of the event's start date and will be confirmed at the signing of the contract. However, certain environmental factors may affect pricing such as the Nevada drought. Prices are based on current market availability and cost, which fluctuate and are subject to change. Your catering manager will work with you to make product substitutions due to any of the above listed scenarios, or any other scenario which dramatically affects the price of the food and beverage for the event.

### SERVICE CHARGES AND TAX

A 19% service charge will apply to all food and beverage charges. Current state and local sales taxes apply to all food, beverage, labor charges, equipment rentals and service charges, and are subject to applicable tax laws and regulations.

A service charge of 19% is added to your bill for this catered event/function (or comparable service). 19% of the total amount of this Service Charge is a "House" or "Administrative Charge" which is used to defray the cost of set up, break down, service and other house expenses. 90% of the total amount of this service charge is distributed to the employees providing the service as a gratuity. You are free, but not obligated, to add or give an additional gratuity directly to your servers.
